License Plate Readers

- Different Scenarios: where does collected data come from:
 - public law enforcement, private building, private citizens
- Investigative Use (pre-emptive vs. discovery)
 - Infrastructure would look similar
- 4th Amendment does not protect in this case
 - Expectations of privacy with license plates is none
 - But what about privately hosted cameras
 - Who has access to the data

License Plate Readers

- Auditing(technical and policy implications)
- Should we focus only on USE
 - Technical and policy implications
- Harms
 - How is the data used: Surveillance, Aggregation, Secondary Use
 - Community Assumptions?
- Effectiveness
