- Bob Gellman
- Alvaro Bedoya

Potential Research Questions

- How can we bring together what's happening in academia research vs. real world?
 - How do we articulate barriers involved?
- How can we incentivize innovation around notice and choice?
- How do we promote the conversation of values and organizational policy?
- If we drill down, how do we choose?
 - Possibly focus on areas outside of existing regulatory regimes
- Institutional Considerations / Sector Considerations when looking at Privacy
